TO OUR CUSTOMERS.

OUR STORE WILL REMAIN OPEN DURING THE EPIDEMIC. Messrs. P. J. MORAN and WARREN CARPSON will be in charge of our business, with sufficient force to serve all who wish to purchase supplies. They are instructed not to sell or deliver goods to any one except for cash. The exigencies of the times make this absolutely necessary. We will open a business office in some northern city, from whence we can supply our store here with such goods as will be needed during the epidemic.

LOCAL PARAGRAPHS.

—The weather is warming up again.

—Memphis needs a daily mail line over the Louisville railroad route.

—Death, the reaper, swings his sickle deep into the harvest of life at present.

—The Shelby county medical association met last night to consider the situation.

—Memphis has as able a corps of physicians as any city in the land, yet no medical journal is published here.

—The new cases and deaths yesterday were on the upward grade. The fever continues to advance steadily and spread rapidly.

—Notwithstanding the fever repairs are going on on Main and South streets, and the carpenters force are at work on crossings and bridges.

—Billy Lieben's book and news depot, 239½ Main street, received a small supply of papers and magazines, Harper's, Monthly, Young's Magazine, Godey's Lady's Book, all for September.

—Visiting yellow fever sick is bad policy; it does the patients harm, and often carries away with him or her the fever infection, which is distributed in many a healthy household.

—Owing to disagreement, Hon. John Johnson sent his resignation yesterday as a member of the State board of health, but Dr. Plunkett, of Nashville, has refused to accept his resignation.

—Don't imagine because you take a chill that you will have to make your will. If you are taken down with yellow fever go to bed determined to make a good fight and recover. Never give up.

—Who will be appointed judge of the criminal court is the question. The name of General Skiffington is mentioned among the number. The general is an able criminal lawyer, and is yellow fever proof.

—Yesterday, near the corner of High and Poplar streets, Uncle John, wagon driver of Oliver, Finnie & Co., fell in a fit from his horse and remained in an almost unconscious condition for some time, but he was brought to cold water applications to the head.

—"A soft answer turneth away wrath," and the distribution of a few soft places, with good salaries attached, would turn away no little wrathful opposition to the present city government administration operating as a committee of safety. Why not give the disgruntled folks a few sincere offers?

—In these practical days the red tape movement does not work well. If a law for any real use when the yellow fever is in our midst. Our State board of health should ignore large salaries and numerous salaries for officers, and send money where it will do the most good—right to the front.

—On and after to-day no visitors will be permitted to enter the county jail and hold intercourse with the prisoners confined there, no numbering eighty or more. This is a good sanitary measure, which is well calculated to keep down the fever. The jail authorities are fuming and gnashing their teeth, and when a prisoner takes sick he is at once isolated, and then sent to the city hospital. When prisoners are carried to the jail, they are washed and furnished with new suits, and their old clothing has to go through a regular process of disinfection.

—Rev. A. Linnell, pastor of St. Joseph Catholic church, will attend to the wants of the Catholics here at Camp Marks and surrounding country. After a close investigation it has been found that nearly one-half of the people of the above camp are Catholics and a great number of others are living all around the country. Rev. A. YELLOW-FEVER.

The New Cases and Deaths Reported to the Board of Health Yesterday—New Cases and Deaths Outside the City Limits—New Cases Reported Unofficially.

Isolation of Infected Places and Persons. Indorsed by our Board of Health and by the Shelby County Medical Society—Resignation of Hon. John Johnson.

Below will be found the lists of new cases and deaths reported and reported yesterday to the board of health. The lists show a steady increase of fever among the colored people of the city. The cases given for the increase are the crowded condition of colored families, in cabins and other dwellings, their non-observance of even ordinary sanitary regulations, and the large number of colored people who have been the fever who were in the city during the prevalence of the epidemic.

PERSONALS.

MR. E. SCHLOSS was somewhat better last evening.

JOHANNES SCHLOSS, aged fifty-three years, died last evening, on Rowena street.

MR. WILLIAM S. BROOKS, of the APPEAL, returned last evening from a business trip to the State of Tennessee.

SERGEANT ROBERTS, of the Howards, while visiting the sick in his district yesterday, was badly bitten on the hand by a dog.

MISS HENRY AND CHARLES ROBERTS, and families left the city last evening, by train, after having the prevalence of the epidemic.

LAST NIGHT, at No. 4 Howard row, Mr. J. M. Tighe, died of yellow fever. His funeral will take place this forenoon at ten o'clock.

MR. MOON is still very low, but a shade improved last night. His chances of recovery had increased in number, but yet these chances are very few indeed.

JAMES FOSTER, engineer of the No. 2 fire-steam, is down with the fever. He was prior to the breaking out of the fever this season engineer of the Hope oil-works.

MR. S. H. GIBSON, of this office, had a hot fever yesterday, but no bad symptoms had developed, and the attending physician declared the case progressing satisfactorily.

MRS. MILES OWENS, we are informed by friends of the family, has not been attacked by the fever, but is suffering from fatigue and anxiety during the protracted illness of her husband.

MR. G. W. FROUDER has thanks for the citizens of the Glasgow Hotel, and the Citizens and Dublin Hotels. These foreign papers have the fever news from Memphis, and express sympathy for the afflicted people.

WE are pleased to announce to our numerous friends and acquaintances the death of Miss Mary S. Cobb, formerly of this city, lately residing in St. Paul, Minnesota, who passed away to a better world on Monday, August 11th. Miss Cobb graduated at St. Agnes school, just previous to the outbreak of 1878, and was beloved by all who knew her, as well for her lovely disposition as for her high character of mind and noble character.
